

TOWARD PROGRESS, **TOGETHER.**

Improve Teacher Satisfaction with n2y Solutions

Over 94% of teachers report increased job satisfaction using n2y.*

UNIQUE LEARNING SYSTEM

- Meet **individual student needs** with automatically differentiated, evidence-based instruction
- Deliver instruction aligned to your **state's extended standards** (all 50 states)
- **Create reports quickly** and easily with built-in data collection

POLARIS

- **Achieve and maintain compliance** with support and guidance along the entire IEP roadmap
- Make **instructional decisions based on data** that automatically syncs with other n2y solutions

INSPIRE

- Develop **student foundational skills** with time-saving, premade lesson plans with embedded, evidence-based instruction
- Record baseline information and **simplify progress monitoring** with prescriptive pre- and post-assessments and reporting

NEWS2YOU

- Provide **access to the outside world** with engaging, differentiated, weekly news stories that offer skill-based activities
- Create meaningful opportunities for **inclusion and discussion** across settings with a wide variety of resources

POSITIVITY

- Support **effective classroom management** and self-regulation with premade, customizable, evidence-based strategies
- Inform **behavior intervention** with integrated, real-time data that supports monitoring and reporting

SYMBOLSTIX PRIME

- Support **access to information and communication** with a vast collection of symbols and resources
- **Save time** with templates for academic and skill practice

L³SKILLS

- Reinforce academic and life skills through **interactive, game-based learning**
- **Collect data** for additional reporting and decision-making

*Independent survey of 250+ teachers in the 2021-2022 school year
