

PLAY with a **PURPOSE**

Through engaging educational games, motivate unique learners to achieve beyond daily instruction and embrace lifelong learning. Empower them with skills and confidence to apply in life, and promote a sense of inclusion by giving students a connection to the online culture of their peers.

BUILD LIFE AND ACADEMIC SKILLS

using an award-winning approach

EMPOWER INTERACTIVE SKILL BUILDING

Capture the imagination in a safe online environment with over 150 interactive, research-based games and skills-based activities. Track growth through powerful data reporting.

BUILD CONFIDENCE AND PRIDE IN ALL LEARNERS

Help students experience the joys of achievement and inclusion—grow their skill set through accessible, high-interest educational games.

AUGMENT INSTRUCTION WITH INDEPENDENT LEARNING

Give students opportunities outside of school to acquire and refine skills through immersive activities from five key academic and skill categories.
