

Unique Learning System Supports California's Alternative Diploma Pathway

For almost 20 years, Unique Learning System (ULS) has been meeting the needs of moderate to severe special education students in California. It provides a convenient, online platform for delivering **differentiated, CA-standards-aligned content** enhanced by powerful assessments, data and reporting, and **evidence-based instructional support**.

It's a trusted resource that California students and teachers can count on to meet California's Alternative Diploma Pathway requirements.

TOP 5 REASONS

Unique Learning System Meets California Alt Diploma Needs

A standards-first approach that addresses the Alt Diploma course requirements

Designed by a team of expert instructional designers, ULS is the only standards-first solution with complete standards alignment to California's extended standards.

Automated, customizable lesson plans aligned with Alt Diploma

Our new Learning Pathways provide a recommended sequence aligned to CA standards and support ADP course requirements for **ELA, Algebra 1, Geometry, Applied Math, Biology, Physical Science, World History, US History, US Government, and Economics.**

Ongoing standards-aligned content and assessment additions

New standards-aligned content and assessments will be added throughout the school year to expand our content offerings. These additions will help students progress from foundational skills through more advanced concepts and align with the Alternative Diploma Pathway requirements.

Automatic data generation and reporting

Student performance in activities and benchmark assessments is automatically tracked for easy progress monitoring and **demonstrating standards achievement** and skills mastery.

Unparalleled customer support and resources

Best-in-class support provides everything districts need to execute Alt Diploma requirements—through webinars, knowledge base articles, teacher reference materials, and virtual or in-person professional learning.

"ULS was a game-changer for our students... I do feel like we're more capable of meeting [California] state standards using n2y."

Kem Vestal
Special Education Coordinator
