 learning system

Unique Learning System Supports California's Alternative Diploma Pathway

For almost 20 years, Unique Learning System (ULS) has been meeting the needs of moderate to severe special education students in California. It provides a convenient, online platform for delivering **differentiated, CA-standards-aligned content** enhanced by powerful assessments, data and reporting, and **evidence-based instructional support**.

It's a trusted resource that California students and teachers can count on to meet California's Alternative Diploma Pathway requirements.

TOP 5 REASONS

Unique Learning System Meets California Alt Diploma Needs

A standards-first approach that addresses the Alt Diploma course requirements

Designed by a team of expert instructional designers, ULS is the only standards-first solution with complete standards alignment to California's extended standards.

Automated, customizable lesson plans aligned with Alt Diploma

Our new Learning Pathways provide a recommended sequence of CA standards-based resources that support ADP course requirements for Physical Science, Biology, World History, Economics, US History, American Government, Algebra I, Integrated Math, and ELA.

Ongoing content additions and enhancements address Alt Diploma requirements

New first semester CA-standards-aligned science, social studies, and math content and unit assessments are now in the high school grade band. Second semester and unit assessments will continue to be added to expand our current content offerings.

Automatic data generation and reporting

Student performance in activities and benchmark assessments is automatically tracked for easy progress monitoring and **demonstrating standards achievement** and skills mastery.

Unparalleled customer support and resources

Best-in-class support provides everything districts need to execute Alt Diploma requirements—through webinars, knowledge base articles, teacher reference materials, and virtual or in-person professional learning.

"ULS was a game-changer for our students... I do feel like we're more capable of meeting [California] state standards using n2y."

Kem Vestal
Special Education Coordinator
