Unique Learning System Supports California's Alternate Pathway to Diploma

For almost 20 years, Unique Learning System (ULS) has been meeting the needs of moderate to severe special education students in California. It provides a convenient, online platform for delivering **differentiated, CA-standards-aligned content** enhanced by powerful assessments, data and reporting, and **evidence-based instructional support.**

It's a trusted resource that California students and teachers can count on to meet California's Alternate Pathway to Diploma requirements.

TOP 5 REASONS
Unique Learning System Meets California Alt Pathway Needs

A standards-first approach that addresses the Alt Pathway course requirements

Designed by a team of expert instructional designers, ULS is the only standards-first solution with complete standards alignment to **California's extended standards.**

Automated, customizable lesson plans aligned with Alt Pathway

Our new Learning Pathways will provide a recommended sequence of **CA standards-based resources that support APD requirements.** Educators can save time in lesson planning and assign lessons to students easily and quickly.

Ongoing content additions and enhancements address Alt Pathway requirements

New **CA-standards-aligned science, social studies, and math content** will be added to the high school grade band throughout the 2024–2025 school year to expand our current content offerings.

Automatic data generation and reporting

Student performance in activities is automatically tracked for easy progress monitoring and **demonstrating standards achievement** and skills mastery.

Unparalleled customer support and resources

Best-in-class support provides everything districts need to execute Alt Pathway requirements—through webinars, knowledge base articles, teacher reference materials, and virtual or in-person professional learning.

> *"ULS was a game-changer for our students... I do feel like we're more capable of meeting [California] state standards using n2y."*
